

**April 21, 2020**

Dear Valued Customer:

These are truly difficult times, and to ease your burden somewhat, Erie Insurance has designed a relief package for personal auto insurance Customers that helps now and in the future.

The immediate relief totals \$200 million, and comes in the form of a dividend that you will receive mid-May 2020, pending regulatory approval. The payout represents about 30 percent of premium for a two-month period or **5 percent** of annual premium. The chart below gives annual premium as of April 1, 2020, multiplied by .30 / divided by 6, **or simply your annual premium multiplied by .05.**

Sample Annual Premium | Check Amount

1,000 = \$50

1,200 = \$60

1,400 = \$70

1,600 = \$80

1,800 = \$90

2,000 = \$100

We chose April 1, 2020, for the calculation since it is in the middle of the reduced exposure period to reflect average reduction in driving.

This immediate relief is in addition to the \$200 million in longer-term rate reductions ERIE announced in early April. These rate reductions, once approved by regulators later this summer, will be in effect at renewal, and will last at least 12 months for most Customers.

Here at Wise Insurance Agency we're proud to represent a company that cares about you, our Customer. Despite the challenges we're all facing, we continue to be here for you to address your insurance needs. Whether that's handling a claim, adjusting coverages, or helping you through payment options, the team at Wise Insurance Agency is ready to serve. While our physical offices are closed, we are open for business over the phone or online. You can call any of us at the number below:

**814-445-8968**

Thank you for putting your trust in Wise Insurance Agency and Erie Insurance. We stand with you during these unprecedented times.
